Faculty Hour

Topic of the next Faculty Hour is "Sibelius—Back-to-Nature in Music." Albert Caligiuri will present illustrations from the symphonies of the world's greatest living composer, in Rm. 13 at 11 a.m., Tuesday, May 8.

Shakespearean Actors Give Winning Scenes

Time was turned back to the Elizabethan era (late 16th and early 17th centuries) Tuesday as winners of the 31st Annual Shakespeare Festival, held recently at Occidental College, performed.

Miss Eleanor Vactor, English instructor, was in charge of the Faculty Hour held in the Little Theatre at 11 a.m. and acted as mistress of ceremonies.

Bobby Brown, of Gardena Junior and Senior High School, and winner of the junior high school story telling group, gave a scene from Shakespeare's "As You Like It."

Lyrics from Shakespeare's works were presented in song by Valley College music student, Nancy Ohms. Her selections preceded and followed the winning college scene.

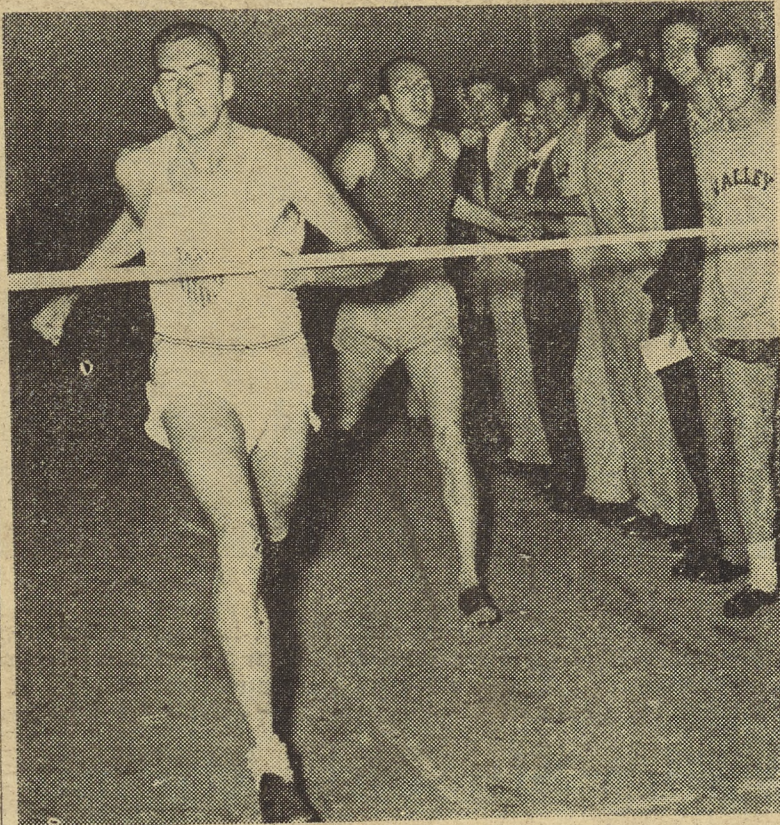

Pomona College drama students, winners of the college scene, presented, in costume, a scene from "Twelfth Night." Lady Olivia was played by Renee Renouf; William O'Connell was Malvolio and the servant was Irene Fialkoff. Their student director was Ann Eldridge.

The two high school winners of final events were honored further by receiving special awards from Phi Beta, honorary speech and music sorority. The outstanding actress and actor of the 1951 Shakespeare Festival were Miss Edith Anderson and Walter Snavley, from Glendale High School.

Miss Anderson presented a scene from "King John" and Mr. Snavley from "Two Gentlemen of Verona."

Said Miss Vactor, "Unless you were fortunate enough to see the Festival, you may be unaware of the outstanding work being done in Shakespearean interpretation from junior high school through college levels in Southern California."

Mrs. Adele Ulman, editor, the Office of Public Information of the Los Angeles Board of Education, announced, "The group who performed on Valley's campus will be featured on the 'Know Your Schools' television show on May 16, at 1:30 p.m., KFI-TV."

AN UNOFFICIAL S.P.A.A.U. record was set in last Friday night's Harbor-Valley track test at Van Nuys High as Bob Chambers nipped South America's Hugo Nutini in 2:13.4 in the special 1000 yard event.

'To Reap What Is Sown'

"To reap what is sown"—from cabbages to kings—is an old adage which holds true in most respects to everything—including knowledge.

College students go to classes on their own with the idea of increasing their intellectual culture. However, many students, besides the knowledge they accumulate in the classroom, show an intense interest in other learning which they can apply to what is learned before.

It is an outstanding trait when a student can, if he has the time, attend lectures, forums and debates on specific things which apply indirectly or directly to his thinking, and consequently to his life.

The attendance at the Faculty Hours each week, as well as the lecture which the Flying Tiger Air Line president presented, and forums which the Sigma Tau Sigma present are examples that college students ARE interested in new slants on basic facts which they learn in class.

There are, of course, always a few who are content to be perhaps 10 paces from something which is going on that could offer them an opportunity to learn facts which might be of value in 1000 different respects. And these few reap what they sow.

Positive beliefs on problems are fine—if a person has an "open door" in his mind to let in facts which someone else believes true of a problem. The only way to come to any sort of a set conclusion is to know all the facts and beliefs on the subject.

College life is partially social and partially, to a greater extent, an opportunity to increase intellectual ability. Students showing an interest in outside activities which increase their knowledge are harvesting that which is most beneficial. They are bettering themselves. —D. Joyce

Anthropology Talks Begin

A series of lectures given by two Valley College students and one instructor will be presented by the anthropology department. These talks will be given on consecutive Thursdays in Rm. 25, and the speakers will be Mrs. Margaret Bensusan, Charles Jones and James Slosson.

"The purpose of these talks," said Noel Korn, anthropology instructor, "is to satisfy the more general interest of people who haven't the time to enter class. These talks will be very interesting, and everyone is invited."

Mrs. Bensusan will present the first lecture on May 10, and her topic will be "Living with Folklore." She will tell of her travels in Europe, South America and the West Indies.

May 17, Jones will speak on his extensive trip to the Havasupai Indian reservation and his experiences there.

May 24, Mr. Slosson will explain the techniques of fossil hunting.

Mrs. Bensusan has been elected to fellowship in the "Royal Geographical Society" for her contributions in the field of geography. She is an honorary member of the Society of Women Geographers and a member of the Folklore Society. She has also studied at the Royal Anthropological Institution in London.

"We maintain a small private museum at our home, which anyone who is interested may visit," stated Mrs. Bensusan. Her home is located at 8615 Columbus Ave., Sepulveda.

Night Students Hear Speech By V. Kersey

"There is an 'X' quality in the American personality which distinguishes our democracy from that of any other nation," declared Dr. Vierling Kersey, speaking on the subject, "Imagination and Enterprise," before extended day students and faculty members in College Hall, Tuesday evening, May 1.

"Our democracy is based on these 'X' qualities. It is kindness, tolerance, psychological factors. It is what we have for the world. It is a humanism that characterizes our actions," he continued.

Dr. Kersey then defined imagination as "American ingenuity to create new processes," and enterprise as a "zeal to do" which unite to form the "X" quality of American personality which is the essence of our democracy.

This was the first assembly to be presented to the extended day school.

Station KVJC Gives Campus Broadcast

Valley College's first radio broadcast was presented last April 26 by Bill Tunnell on Valley's campus radio station KVJC. Tunnell gave a 10-minute news broadcast which featured the assembly and track meet.

These broadcasts are given by the members of the radio speech and radio workshop class for the purpose of giving radio students practice and keeping Valley students informed of campus activities.

Brad Browne and Dick Reynolds gave broadcasts last Tuesday and Thursday, respectively.

Next Thursday interviews will be held by Tom Leetch, Margaret Kincher and Larry Poston. These will be personal interviews and will be approximately five minutes each.

The Valley Forge

By Bill Tunnell

Over the semesters, there has always been a lot of type wasted in this column about the support we of this fair institution have given the various events, but nothing has ever been so poorly supported as last Friday night's track meet.

The old excuse is probably being bandied about to the effect that, "but I don't like track meets." If you have gone to a track meet and don't like it, okay, but if you have never gone and still insist on using this excuse, I say, SHAME ON YOU.

Take as an example, Diana Serzow, who said she had never been to a track meet before, but couldn't get over how much excitement and thrill was stirred up.

Some people miss half the excitement of life by staying in their little shells and never looking for new experiences.

And you can't possibly use the one about "not knowing about it." Dick Degnon had the best publicity for this event that has been stirred around this campus for quite some time. It appeared in all papers PLUS all Metropolitan sheets.

Next time try it, you might have a lot of fun.

Much Embarrassed
 While I'm mentioning Diana Serzow, who is head songleader, I would like to thank her and her beautiful assistants for appearing at the above mentioned event. They agreed when asked by yours truly to appear, IN COSTUME, and lead some songs. They appeared, but there wasn't a band to be had for that night, and there certainly wasn't enough of the student body there to sing while they went through their act. Sorry girls!

He's 'Pop' Villa Now

It was cigars and candy for everyone on Valley College's campus last week. Angelo Villa, Spanish instructor, announced his wife, Ann Villa, had given birth to their first child, a boy, at the Valley Hospital. They have named him Richard Michael Villa and he will be called "Rich" by his father.

"Rich" weighed 8 pounds and 9 ounces and was born at 11:45 a.m. on Wednesday, April 25. At approximately 9:15 a.m. on that same morning, Mr. Villa was nonchalantly instructing students, when two of his neighbors came in to tell him that his wife had left for the hospital. The Spanish instructor rushed there only to wait for two and one half hours for the event. The baby was two weeks early.

"Rich will be enrolled at Valley in 1959," said the new father. "What he wants to become is his own business."

Mr. Villa was born at Susanville, California, and attended S.C., where he received his Bachelor's Degree. He now possesses two Master's degrees, one from S.C. and one from Harvard.

Mrs. Villa's home town is in Vista, California, and she attended Palomar College. It was while at Palomar that she enrolled in Mr. Villa's Spanish class, and thereby met her future husband.

Flying Tiger President Addresses Valleyites

Speaking at the First Annual Lecture honoring Dr. Vierling Kersey, director of Valley College, Robert Prescott, president of the Flying Tiger Line, presented his topic "To See Ourselves As Others See Us." The assembly was sponsored by Alpha Mu Gamma, national honorary foreign language society last week.

Mr. Prescott placed the blame for America's trouble with the Chinese on our "hit-and-miss" foreign policy. He said, also, that the United States sold out the Chinese before the close of World War II when Manchuria was handed over to the Russians.

Mr. Prescott, who flew with the Flying Tigers in China, said, "While our European Recovery Program has not brought us military allies in the event of a war with Russia, it was still a wise policy for us to follow if for no other reason than its negative value in avoiding the possibility of many of these countries becoming our enemies." "Europeans feel that America is a golden land and do not realize that Americans must sacrifice in order to send them financial aid," said Mr. Prescott.

Jim Hamra, president of Alpha Mu Gamma, explained that "the aim of Alpha Mu Gamma is to help increase mutual understanding among all the peoples in the world."

Olin Darby, recently reelected member of the Los Angeles Board of Education, was honored guest along with George Cussen, vice-president of the Flying Tiger Line.

Jones Travels to Indian Reservation

Charles Jones, anthropology student at Valley College, went on a trip to the Havisupi Indian Reservation in the Grand Canyon National Park in Arizona with an anthropology group from UCLA. He left last Friday, April 20, from UCLA at 1 p.m. and traveled by special hiking truck.

They arrived at the Walapi Indian Reservation on Saturday at 6 p.m. and started by pack trip to their destination.

The group lived with the Havisupi Indians for a week and studied their habits and way of living. They left Sunday morning, April 28, during a blizzard and arrived in L.A. Sunday at midnight.

Cruising the Campus

By Art Brault

We must take up on a sad note this week. Nick Borsay has gone into the Army. Borsay claims that it is not bad, as it will be a steady job with a yearly vacation with pay. Also, he said that they told him to bring his golf clubs and tennis racquet.

These people went down to ogle the Fourth Annual Southern California Business Show at the Biltmore Hotel on April 24 and claimed to have had a good time. Margaret Campbell, Patsy Stark, Neal Kirkpatrick and Mrs. Velma Olson.

When you are out playing tennis, a tuxedo is an absolute necessity. Anybody that would think of showing up without one would be out of his mind. Now if you read the ads, you see one titled "Rent-A-Tux", from whom you will receive a discount.

Katheryn Leonard, education major, herded her two sons to Lake Crowley in the High Sierras last Friday. As you know, that was the week end of the big wind. Mrs. Leonard got up there and then there arose a little difficulty. The key was nestling snugly in North Hollywood. The problem was solved by taking the door off its hinges. While it didn't snow down here, it did up there; but nevertheless they managed to do some fishing. The catch amounted to one twelve inch Rainbow Trout. That's life.

The Y Club held a dinner and elections last Tuesday night. I didn't have time to find out the results but will have them for you next week.

Everybody is invited to attend the movie that will be shown by the Fishermen's Club next Tuesday. It's going to be shown on the campus, and concerns the missionary effort on San Blas Island.

Records Tumble In Night Trackfest

Monarchs Go Wild in Meet; Crown Harbor

(Continued from Page 1)
Fenske Holds Record
 Halderman led the early pace and was timed in 1:58 min. for the 880. Nutini took over on the final backstretch and held the lead until overtaken by Chambers. Chuck Fenske of Wisconsin holds the world record for the 1,000 yard run at 2:09.3 min. Chambers and Nutini, the one-two finishers, received gold cups as awards, while Pruitt and Daly were given pen and pencil sets for third and fourth place. The prizes were donated by Moffatts Jewelers in Van Nuys, who also advertise in THE VALLEY STAR.
 Pierce College entered a team in the night's festivities, but did not figure in on the official scoring. One of the top marks of the night was made by Ken Eckles of Pierce, who vaulted 13 feet in the pole event. Lou Vorst and Jack Biller tied for first in the official scoring at a height of 12 feet. Vorst's mark tied his own Monarch record.

Sailin' Halen
 Jim Halen set a new two mile record for the host team, touring the distance in 10:47.2 min. Halen held the former mark of 10:54 min. which he set last year.
 Ken Fontes and Gene Gregson both set new standards for the Seahawks. Fontes put the shot 43 feet, 8 inches and Gregson sprinted to a 52 second 440 win.
 Sweeping both the two mile and the broad jump and taking firsts and seconds in the 100, low hurdles and discus, Valley had little trouble outscoring the Harborites.

Reed Wins
 Charlie Reed took the broad jump with a fine leap of 21 feet, 1 1/4 inches. Charlie Smith would have broken Valley's domination in this event if he had competed officially. Entered unattached, the former Seahawk had jumps well over 20 feet.
 Valley's Ed Austin and Harbor's Bob Williams tied at 6 feet 1 1/4 inches in their long awaited duel in the high jump. Neither could approach his top marks of the season.

Hall Sees Double
 Kenny Hall was the only double winner of the night, winning both the high and low hurdles over the Seahawks. Hall's time in the lows was 21 flat.
 Another expected top duel fizzled when Clarence Lewis of the host squad easily outdistanced Jack Williams with a spin of

Tennis Squad In Court Finals At Long Beach

Valley College's tennis team this week continued to prepare for the Metropolitan Tennis Tournament at Long Beach City College tomorrow, May 5.
 The Monarch squad is considerably weakened by the loss of Dave Nothwang and Bill Barnett. Nothwang is suffering from a dislocated shouder, while Barnett has a bad case of blisters.
 Bakersfield, Santa Monica and Long Beach are the favorites in tomorrow's tournament, with Valley given an outside chance. Harbor, San Diego, East LA and El Camino are expected to battle it out in the lower division.
 Dave Summers, Rick Bowen and Jon Hermann will be Valley's contestants in the singles matches, and Frank Kresse and Wallace Whitney will team up for the Monarch's only doubles team.
 Last Tuesday Santa Monica's tennis squad defeated Valley for the second time by a score of 9-0. On the brighter side for Valley, however, was Loren Schwichtenberg's defeat in a singles set by Valley's Dave Summers. This was Schwichtenberg's first set loss in Metro play.

STRONG FINISH in last Friday night's trackfest for Wes Hessler, left, and Bob Bowen in the 440. However, Gregson of Harbor, not shown, won the event in 52 flat.

Cub Nine Defeats Valley Baseballers In Practice Game

Runs came too late and too little for Valley's baseball team last Tuesday, as they were defeated by the Los Angeles City College Cubs, 5-2, in a practice game held at Reseda Park.
 The Monarchs scored two runs in the seventh and last frame, but failed to catch the Cubs. Gilmore of the visiting LACC team held the Monarchs to four well scattered hits.
 Six errors were committed by Valley, four of them being charged to Third Baseman Terry Morse. All five of the Cubs' runs were unearned.
 Omar Steckel scattered eight hits but was charged with the loss. He helped his own cause by getting two hits in three attemps.
 The LACC nine collected one unearned run in the fourth inning, followed with another in

126 feet, five inches in the discus. The best Williams could do was 112 feet, 3 inches for third place.
 Don Hoover and Jim Smith completed the Monarch's control over the distances with wins in the 880 and mile. Hoover annexed the half in the good time of 2:01.8 sec., and Smith won the mile in 4:37.9. The only two running events that were taken by Harbor were the 220 and 440. Walt Baker took the furlong in the slow clocking of 23.5 sec. Phil Serrins of the Jim Slosson-Charlie Mann squad broke the tape first in the 100 in 10.6 sec.
 Valley's relay quartet of Austin, Smith, Bob Bowen and Hoover added a finishing touch to the evening, by touring the mile in the winning time of 3:33.6 min.

Valley Golfers Go In Metro Finalists At Montobello CC

A six man team entry will make up Valley College's first golf squad in the college's history as the Valley linksmen tee off in the 1951 Metropolitan Conference Golf Finals today at Montebello Country Club.
 Captain Bob Seanor, who has done the majority of the work in organizing the aggregation, stated this week the Valley golfers might surprise, though they haven't played a regular conference slate this season.
 The team will consist of Mike Flynn, who shoots in the low 70's; Omar Steckel, Valley baseball pitcher who also cards in the 70s; Bob Bates, a low 80 performer; Bob Seanor, middle 90s; Carl Surl, another 90 performer and Karl Von Poederoyen, who comes in with high 90 scores.
 The match will be a 36 hole affair with medal play, and the six man low team total will determine the places.
 All Metro teams will participate and trophies will be awarded to the low score of the day and team trophies to upper finishers.
 Santa Monica CC handed Long Beach CC's divot diggers a 20-16 setback last Monday to cop the conference golf crown and will be favored today.

the fifth and then added three more in the seventh and last frame.
 The Monarchs' two runs in the last inning came on a walk, a hit and two errors.

Metro Championships In Track and Field On Bakersfield Oval

Metro Conference track and field finals will be held at Bakersfield tomorrow night May 5, with the first running event starting at 7:30 p.m. Field events prelims take place during the afternoon and the finals at the same time during the evening as the track events.

Valley Batsmen Beat Bakersfield; Jacobs Winner

Valley horsehiders coasted to their sixth straight victory, 18-10, over Bakersfield Jaysee last Friday on the loser's diamond, but on Saturday the Monarchs suffered a reversal at the hands of El Camino, 4-2, at Reseda Park.
 After an early season loss to Bakersfield, Friday's win was enough to put the Monarchs in a second place tie in the Metropolitan Conference.
 Johnny Jacobs earned credit for the win, but he needed some relief pitching from Kenny Wolters in the eighth and part of the ninth, and then Terry Morse came in for the rest of the ninth inning. The three hurlers scattered seven hits throughout the nine frames for the win.
 Terry Morse was the big gun at the plate for the day. Morse got three singles and a double for five times at bat, good for three runs on the scoreboard. He has now made 12 hits for the last 16 times at the plate.
 Team fielding for the day proved to be very sharp, as the club made no errors while Bakersfield had five.

Last Saturday three errors helped El Camino to topple Valley at Reseda Park. Brad Browne, pitching for Valley, allowed six hits in the 4-2 loss.
 The El Camino pitcher gave up four hits to the Monarch baseballers. The hits were, a home run by John Angeleri, and singles by Mark Raphael, Bob Kircher and Ray Todd.

This setback was the first after a string of six wins that almost found the Monarch's on top in the conference standings.
 The Metropolitan Conference season ended yesterday with Valley playing Santa Monica at Reseda Park. Line scores of last week's games:

Athletes from the various Metro Conference schools will compete for the league championship, and also for individual honors. Conference finals precede the Fresno Relays May 11 and 12. Modesto Relays May 19 and the State JC meet at East Los Angeles JC on May 29.

Several Valley athletes should fare well in the Metro meet. Don Hoover of Valley will dual Jim Boyd of Long Beach C.C. in the 880. Jim Smith with a year's best of 4:37.9 in the mile comes up against Fernando Gaspura of East LA and Dave Hotchkinn of Santa Monica C.C. plus Dick Johnson of Long Beach.

Ed Austin, the top Conference high jumper with a year's high of 6 ft. 3 1/2 in., will be matched against Bob Williams of Harbor, who has done 6 ft. 3 7/16 in. and Lynn Frantz of El Camino with a height of 6 ft. 2 in.

There will be two special events on the card for the evening. Dick Attlessey, world record holder in the 120 yd. high hurdles at 13.5 seconds, will try for this mark while competing against Don Halderman and Floyd Simmons of the Los Angeles Athletic Club.

There will also be a special 880 yd. match race between three of the top-notch West Coast runners who competed in the Valley and Harbor track battle last Friday night. They will be Bob Chambers and Bob Pruitt, ex-SC greats, and Hugo Nutini, the Chilean of Santa Barbara College, who holds the South American 800 meter record.

The meet will be held in the Bakersfield High School Stadium. Bakersfield and Long Beach are co-favorites to win the championship.
